Waseem Shabout

2021-03-04 05:03:40.003 PM

short bitcoin

Johannes Treutler

2021-03-04 05:03:58.003 PM

Who is working on that?

Waseem Shabout

2021-03-04 05:04:38.003 PM

me and gabe. SWAT team

Johannes Treutler

2021-03-04 05:04:49.003 PM

who requested

Waseem Shabout

2021-03-04 05:04:58.003 PM

Daniel.

Waseem Shabout

2021-03-04 05:05:23.007 PM

well daniel, alex and roni

Johannes Treutler

2021-03-04 05:05:25.007 PM

Harumi and Alex work on the same .. so ..

Waseem Shabout

2021-03-04 05:06:12.007 PM

Alex isn't working on anything, harumi has glen working on it. Everything that they have "figured out" has been from gabe sending them data

Waseem Shabout

2021-03-04 05:06:22.007 PM

They might be doing something now

Johannes Treutler

2021-03-04 05:06:30.007 PM

yes that's possible

Johannes Treutler

2021-03-04 05:06:54.007 PM

They found some black holes already if I understand correctly

Waseem Shabout

2021-03-04 05:07:28.007 PM

Johannes Treutler

2021-03-04 05:07:34.007 PM

How can I help? I never touched / moved coins .

Waseem Shabout

2021-03-04 05:07:51.007 PM

we're not putting any blame on you dude, dont worry at all

Waseem Shabout

2021-03-04 05:08:03.010 PM

I think you have a ledger of the amount of BTC and eth we used to buy CEL on liquid

Johannes Treutler

2021-03-04 05:08:10.010 PM

I don't worry about such things .. just curious how I could help

Waseem Shabout

2021-03-04 05:08:11.010 PM

we're trying to gain access to this ledger

Johannes Treutler

2021-03-04 05:08:28.010 PM

I have not

Waseem Shabout

2021-03-04 05:08:55.010 PM

for the weekly cel repurchases... connor mentioned that you calculate the balance we need to buy

Johannes Treutler

2021-03-04 05:08:59.010 PM

Connor and others moved the funds, I just SUGGESTED orders .. and Liquid reported to me for example only in \$ value

Waseem Shabout

2021-03-04 05:09:11.010 PM

totally understand

Waseem Shabout

2021-03-04 05:09:32.013 PM

I think that connor just executes on the suggestion, so im trying to find the suggestion ledger

Waseem Shabout

2021-03-04 05:09:46.013 PM

ah, but youre saying that you only suggest in dollar terms

Johannes Treutler

2021-03-04 05:09:48.013 PM

What is a suggestion ledger?

Waseem Shabout

2021-03-04 05:09:52.013 PM

not in bitcoin terms

There will be a place where we can see how many funds we sent to Liquid ..

Waseem Shabout

2021-03-04 05:10:25.013 PM

yeah we have that from liquid directly

Johannes Treutler

2021-03-04 05:10:43.013 PM

cool .. so you have it already

Waseem Shabout

2021-03-04 05:10:56.013 PM

do you think that's enough? We don't have anything else that we keep internally as a record?

Waseem Shabout

2021-03-04 05:11:41.017 PM

I guess I can pull time stamp prices to find the dollar value

Waseem Shabout

2021-03-04 05:11:51.017 PM

but if we have something we maintain internally that would be helpful

Johannes Treutler

2021-03-04 05:15:42.017 PM

I don't have something like that.

Johannes Treutler

2021-03-04 05:15:54.017 PM

But I know that Harumi bought some BTCs back frequently ..

Johannes Treutler

2021-03-04 05:16:01.017 PM

But I was not involved in that

Waseem Shabout

2021-03-04 05:16:48.017 PM

Okay, we'll keep digging. Based on what I see on the ledger of the exchanges, we didn't buy back BTC Frequently

Johannes Treutler

2021-03-04 05:18:43.017 PM

I do not have access to Liquid, have basically no idea how this was managed and who did what ..

Waseem Shabout

2021-03-04 05:23:45.020 PM

Okay, no worries. We'll keep digging

Waseem Shabout

2021-03-04 05:23:54.020 PM

and yeah, it seems everyone says the same thing.

Johannes Treutler

2021-03-04 05:24:17.020 PM

ok I just synced again with Harumi

Johannes Treutler

2021-03-04 05:25:19.020 PM

She told me Liquid is a known short and we have the data there .. the real issue we have right now is to find the unknown shorts like for example investments we did with BTC into companies where we never accounted for it

Waseem Shabout

2021-03-04 05:25:39.020 PM

Gotcha, yeah we're pulling that stuff too

Waseem Shabout

2021-03-04 05:25:55.020 PM

I think we're closing the gap

Johannes Treutler

2021-03-04 05:26:16.023 PM

we should have hired Glenn a year ago when BTC was cheap

Johannes Treutler

2021-03-04 05:26:20.023 PM

wtf

Waseem Shabout

2021-03-04 05:26:49.023 PM

Well I mean we should have been doing our accounting like this from day 1

Waseem Shabout

2021-03-04 05:26:54.023 PM

But yeah

Waseem Shabout

2021-03-04 05:26:58.023 PM

Well get through it
